PROFILE

I'm Alireza Hosseini, a front-end developer with 2 years of experience working with React, JavaScript, and Next.js. I enjoy building beautiful and functional user interfaces and am always looking to improve my skills. I learn quickly, work well with others, and am eager to grow in a creative and friendly environment while taking on new challenges.

SKILLS

- Next.js
- React.js
- Typescript
- Tailwind
- Git
- Sass
- React Query
- React Hook Form
- RESTful API

EXPERIENCE

Mr. Coder | Intern Front-end

Oct. 2024 - Apr. 2025

PROJECTS

Portfolio

This portfolio project was built using Next.js 15 and TypeScript. The main focus was on performance optimization, aiming to gain a deeper understanding of both SSG and SSR. It features a visually appealing and modern UI, and it supports two languages using Next-Intl for internationalization.

Next v15 TypeScript Shadcn Tailwind React Query

<https://a-hosseini.ir>

NEXT-MOVIES

This project was developed using Next.js, Tailwind CSS, and the TMDB API. In this project, the App Router in Next.js is used, and data is dynamically fetched from the server. Users can search and filter movies and TV shows.

Next.js SWR Tailwind RESTful API

Weather app

Built with JavaScript, this app uses two APIs to get the user's location and time, along with a weather API. Users can select two cities and see the local time and 12 hour weather forecast for each.

Javascript Sass Dark mode IP Geolocation api
